

April 5, 2020

***Dear Logos Church Family,***

We as a leadership team would like to update you this week on what is happening here at Logos Milliken, in light of the COVID-19 pandemic. This is an unprecedented time as we seek to stem the tide of COVID-19 in our church, communities, city, and beyond.

As [Canada](#), [Ontario](#) and other provinces have heightened their measures to fight against the spread of COVID-19, we urge brothers and sisters to stay home (if possible) and stay safe and follow the government's guidelines for everyone and for our frontline health care workers who are working around the clock to save lives. Please only follow news and updates on trusted sources, and to name a few, [Public Health Canada](#), [Public Health Ontario](#), and [World Health Organization](#). Please do not circulate news that is not confirmed nor from a trusted source. Beware of scam/phishing messages and email as well.

Among businesses and organizations that are being impacted, charities and not-for-profits are being hit the hardest. In response, our leadership team have prayerfully identified organizations we want to partner with financially so they can continue to be a blessing for those in need during this difficult time. This week, we will be continuing to collect a special offering will be collected to bless the [Markham Food Bank](#). We encourage you to prayerfully consider being part of this movement of extending His Love to our community. You will find instructions below on how you can contribution to this initiative.

Also being affected are individuals/families who in our Logos community now find themselves without a stable income. In the coming weeks we will invite you to contribute to the church's benevolence fund in an effort to extend a helping hand to these individuals.

Our leadership team will continually monitor the situation to keep our Logos community safe and healthy; share our plans for what life at Logos will continue to look like; and to make necessary adjustments and proactive steps to take to care for our church family, our neighbours, and our broader community.

Do Not Drop Off Your Offering At Church.

E-transfer and Direct Deposit Not Available.

---

Logos, we realize at this time there are many people who are isolated, vulnerable, scared, and prone to being lonely and depressed. We as a leadership team encourage you to take part in social interactive spaces via virtual online platforms where we can connect, share, talk and pray about needs, fears and pains in your life and others around you. We realize this can be tough for some of us as we need to develop new people skills. However be rest assured that God is working in and through us in times like this for a new future.

As we journey towards Easter this week, it will definitely look and feel different. Let us continue to be reminded that we have a resurrected Lord and Savior. The Easter story starts in a tomb with just a couple of people, couple of disciples, it was a small and an intimate time with Jesus. Our prayer is you will seize the opportunity during this time to experience an individual encounter with Jesus.

Thank you for understanding and patience during this time. Take care, stay safe and stay healthy.

Journeying Together,

Rev. George Mah
