

Dear Logos Family,

We wish you well as you continue to learn to adjust to the new rhythms that are associated with a new season of the year. We realize it has added additional stress, complications, and messiness as we continue to live through a global pandemic. May God continue to strengthen us and guide us day by day.

Recently, I have been rereading a book called "Simple Church." Written by Thom Rainer and Eric Geiger. In a nutshell the book reveals we have made our church lives overly complicated, and if we are to survive, we must become "simple" in our process of disciple making. In a recent interview, Rainer said with COVID we need to become minimalist if we are to survive.

When we look back to the early church, they were facing a much more daunting situation than what we are currently facing. However, they would change the world in the name of Jesus. If you look deeper, you'll realize they were really minimalists in the practice of their faith, in that they were simply deeply committed to the LORD, to the study and knowledge of the Scriptures, to one another, and to the mission they had been called to. And then they lived this out day after day as they went about their lives.

Logos, I think we are simply called to do the same, day after day as we live our lives. We acknowledge we live in a different time, culture, and political climate but God and human nature have not changed. I encourage you to start with yourself, living your faith authentically in your world; teach your children/grandchildren, love ones the faith; embrace the church with your own special gift God has given you and love, bless, pray for, and reach out to your neighbor in the name of Jesus. Let's offer that up to God and see what He can do with that!

We look forward to connect together at our upcoming AGM (September 27th) through different platforms to celebrate how God has blessed us over the past year and look towards where He is leading our church family in the upcoming year. Thank you for your participation in our information sessions, it was a meaningful time of dialogue together as a Logos family. If you have any questions pertaining to the AGM arrangements, please refer to our church website/e-bulletin.

As the situation around the pandemic remains fluid, we will be sharing more details around stage 3 church re-opening in the weeks to come. Please stay tuned.

We look forward to keeping you updated on how things unfold. In the meantime, we invite you to continue to access and participate in our worship services and various ministries online. Take care, stay safe, stay healthy and have a blessed weekend. May the grace of the Lord Jesus Christ and the love of God and the fellowship of the Holy Spirit be with you all.

Journeying Together,
Rev. George & Board of Deacons
